Facsimilie: 03 5221 8718  
Admin: Peter H O'Brien (Director)  
Elizabeth Beska (Accounts)  
Phone: 03 9416 1788

### Change Over Headlights

Headlight & Heater Co can supply or repair over 500 different types of motor vehicle headlights on a change over basis. If a particular headlight is not in stock, it may be able to be rebuilt using some parts from our own stock of (damaged) headlights. Only OEM parts are used in rebuilt headlights and are supplied with a warranty equivalent to that of the original manufacturer.

### Availability

Some headlights, especially the more popular models, may only be available on a day to day basis; accordingly we strongly suggest an inquiry be made to our office prior to quoting to ensure availability and reservation.

### Heater Repairs, Fan Boxes etc

Headlight & Heater Co can repair most vehicles plastic heaters, evaporators and fan boxes using one of our plastic welding processes. Cracks and broken mounting lugs can easily be seamlessly repaired or re-attached, saving hundreds of dollars on new replacement equipment. Repairs to these items are generally charged on an hourly rate, however quotes can be confirmed prior to proceeding. While we do test heater cores and radiators for leaks, (and arrange for rectification) we can accept no responsibility for damage to the internal workings of same.

### Pick Up & Delivery Service

Headlight & Heater Co has five permanent vehicles on radio control to enable prompt collection and delivery. For orders received prior to noon, we endeavour to offer a 24-hour turn around, in metropolitan Melbourne and Geelong.

### Minor Repairs

A minor repair is defined as a headlight assembly, with lens intact, but with all broken parts provided and does not require the dismantling of the assembly (ie the sealed lens does not require removal). The Minor Repair Price is \$70.00 (Plus GST).

### Major Repairs

A major repair is defined as a headlight assembly, which has the lens in tact but requires the complete dismantling (removal of lens and reflector) to affect a perfect repair. Our charge for this service is based on 75% of the change over price, with a minimum of \$110 and a max of \$330.00

### "Recycle A Light" Programme

Headlight & Heater Co continues to maintain a headlight re-cycle program. We can deliver a "Recycle A Light" storage bin and subsequent collection when it is full. Compensation is by mutual agreement

### New Genuine Headlights @ Discounted

In addition to our large range of change over units in stock, we also carry an extensive range of new (OEM) headlights. Our buying power enables us to procure these at maximum discounts enabling us to pass on some of these benefits. Please check with us and compare a new price should we be unable to supply a change over.
